A leader in mechanical insulation

# Our company

Aramys Insulation, LLC is a South Florida based contractor specializing in Mechanical and Insulation application and solutions. Our commitment to quality mechanical insulation solutions begins with the details that matter to you. You can count on Aramys Insulation, LLC as a trusted solutions provider for all your pipe and equipment insulation needs.

We offer the most complete service combined with unmatched experience. Our broad range of solutions, including board, blanket, and pipe insulation, as well as PVC coverings, spans almost every imaginable application.

With more than eight years of experience, we are a company that is driven by meeting deadlines as well as budgets, and we continue to exceed expectations. Customers trust Aramys Insulation, LLC to perform high-quality and reliable installation services throughout the

industrial markets. We are dedicated to providing best-in-class insulation services. Our customer first philosophy has been valued by our clients time and time again. Our many industrial projects showcase the diversity of our abilities and expertise.

We value a safe work place and strive to have zero incidents every year. Safety is at the forefront of every one of our projects. Our commitment to safety is the essence of how we perform our best and safest projects through work planning, cooperative relationships, and employee involvement.

Give us a call today and let us demonstrate why we are one of the fastest growing companies providing Mechanical Insulation application and solutions. Regardless of job size or complexity, Aramys Insulation, LLC will scale to accomplish the task at hand.

# Our services

Aramys Insulation, LLC installs insulation on all mechanical and process systems that are commercially in use today. Much of our work is in commercial buildings, which includes any facility that accepts the public or is used by

a company for employees in a non-industrial or manufacturing setting. Mechanical insulation represents 1 to 2 percent of the total cost for a new commercial facility.

## Commercial buildings, include:

- Office Buildings
- Schools
- Restaurants
- Hospitals
- Hotels
- Casinos
- Sports Arenas
- Libraries
- Dormitories

## Systems that we often insulate in commercial buildings include:

- All HVAC systems
- Chiller Water Pipes
- Exhaust pipe, duct, and equipment
- Boiler and duct work
- Hot and cold domestic plumbing pipe and equipment
- Roof drain pipe
- Emergency generator exhaust systems
- Kitchen hood exhaust ductwork
